

BONDIX S.A.NE Licensing

An Overview of InSANEly Easy Licensing

LICENSE CREDITS

Bondix S.A.NE Licensing is all about simplicity:

- There are 3 Bondix license types that only differ in throughput but come with identical functionality—options for large enterprises and special applications like bluelight organizations are available.
- Annual subscriptions can be purchased for up to 3 years in advance.
- Licenses are meant for active bonded connections.
- Each license comes with free-of-charge Bondix S.A.NE Client and Server software.
- Each license allows using at least 2 S.A.NE servers to ensure utmost reliability from the start.
- Bondix S.A.NE Bonding is already available for a wide range of Teltonika Networks router models like RUT24x, RUT95x, and all RUTX models—more to come.

LICENSE TYPES

Nice and clean.
